

## **CSC Toppr Plan**

**In Toppr many features are available, but through CSC we are offering the customized plan.**

### **CSC Toppr Plan Includes –**

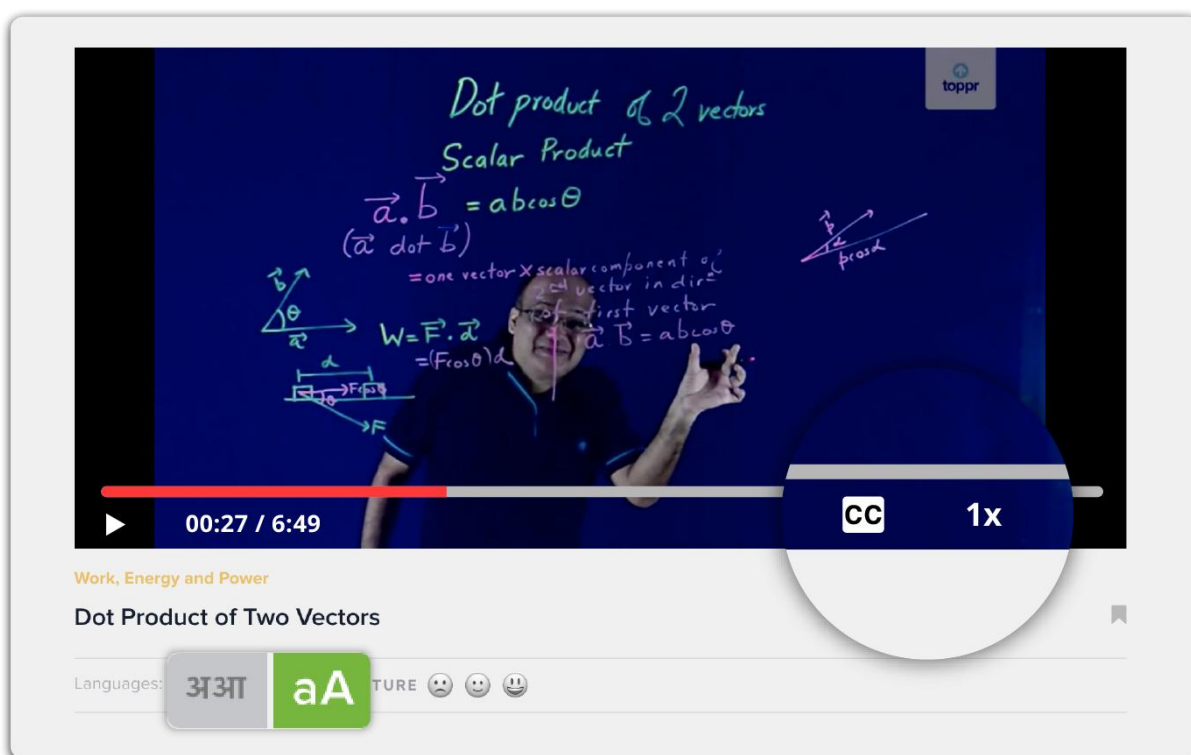

1. Online classes
  - a) Video Lectures
  - b) Concepts
  - c) Stories
2. Tests Module With Solutions
  - a) All India Test series & Previous Papers
  - b) Create your own tests
  - c) Detailed Performance Report

#### **1. Online classes**

- a) Video Lectures

Students can get an in-depth understanding of concepts by watching short video classes created by experts. These videos are available in English or Hinglish. Speed of the videos can also be increased/decreased.

Videos can also be download only in the application and not in the web browser. And videos will remain saved in the application only

## b) Concepts

Concepts have the highlights of each chapter. They cover all important diagrams, definitions and formulae for every topic. For quick reference, concepts can also be bookmarked.

## c) Stories

Swipe through images, videos, gifs, questions and learn faster than ever. Stories are also perfect for last-minute revision before the exams.

## 2. Tests

### a) All India Test series & Previous Papers

Students can take all India test series to know where the student stands at the national level. They can also develop exam strategies and learn time management by solving previous years' question papers.

## Previous Papers

Enhance your preparations by practicing previous years' papers up to the past 10 years. Take them as a test to simulate the real exam or browse through questions to revise.

### b) Create your own tests

If students want to practice a particular chapter and see how many questions they can solve in a set amount of time. Then they can create your own test in under a minute, and work towards improving weaknesses. They can create test for any subject or any chapter through this.

### c) Detailed Performance Reports

With detailed performance reports students can know how many questions they have attempted, they can check accuracy, and the average time that they have taken answer a question. This helps the student to track the performance in the tests and highlight the areas to work on and learn better.

Note \* - For 11<sup>th</sup> and 12<sup>th</sup> class, only science and commerce streams are available.

Content of Arts stream is not available in Toppr
