

(Vedic Maths)

An Easy and Faster Way of Doing Calculations

(Live Classes)

1. About the Course

Vedic Math is one of the most refined and efficient system of Mathematics. It is a collection of 29 techniques/sutras to perform mathematical operations. With the help of Vedic Math, one can perform the mathematical calculations 10-15 times faster than the conventional methods. It has become important now to make students learn Vedic Math concepts at an early age to create a strong foundation of Mathematics. Sometimes, calculation by using the Vedic Math tricks is much faster than calculator.

This course is designed carefully in such a manner which helps students to learn and perform the calculations at much faster rate with 100% accuracy. Vedic Math is useful for students, teachers and those who are preparing for competitive exams as well.

As calculations are carried out mentally, students can discover their own methods of performing operations through Vedic Maths sutras.

2. Benefits of Vedic Maths

1. It's easy to understand.
2. It's very easy to master and apply.
3. Vedic Maths is very helpful in competitive exams.
4. Vedic Maths is capable of solving all types of mathematical questions.
5. It is 10 times faster than the traditional methods.
6. It reduces the silly errors and improves accuracy.
7. It improves the number sense.
8. It enhances memory and concentration.
9. It boosts self-confidence in students.

3. Features of the course

1. Course delivered by a Vedic Maths expert
2. Explanation of concepts in easy to understand language
3. Introduction of concepts through various examples
4. Every explanation is followed by practice sets

4. **Pre-requisite:** - Any school (class 6 onwards) or college student or aspirants of competitive exams or teachers.
5. **Medium of Instructions:** - Hindi and English (Separate Batches)
6. **Course Duration:** - 12 Hours
7. **Mode of Delivery:** - Live via Webex
8. **Frequency of Classes:** - Thrice a week (Mon, Wed and Fri)
9. **Duration of Each Class:** - One hour
10. **Commencing of Batch:** - 2nd Week of May 2021
11. **Timing and Link:** - Timing and link are shared to the registered mobile numbers one day in advance.
12. **Course Coverage**
 1. Introduction to Vedic Math
 2. Addition
 3. Subtraction
 4. Multiplication
 5. Division
 6. Square
 7. Square Root of perfect squares
 8. Cube
 9. Digital Root
 10. Verification of answers
13. **Practice:** - Every live class is followed by live quiz. Quizzes are also available in the course on digipaathshala for practice.
14. **Assessment:** - Assessment is done through quizzes on digipaathshala. Minimum qualifying score per quiz is 60%.
15. **Certificate of Completion:** - Certificate of completion is provided by CSC Academy. It is provided to those students, who score minimum 60% in each quiz.
