

Google Images

Google Images is a [search engine](#) owned by [Google](#) that allows users to search the [World Wide Web](#) for [images](#).^[1] It was introduced on July 12, 2001, due to a demand for pictures of the [green Versace dress of Jennifer Lopez](#) worn in February 2000.^{[2][3][4]} In 2011, [reverse image search](#) functionality was added.

When searching for an image, a [thumbnail](#) of each matching image is displayed. When the user clicks on a thumbnail, the image is displayed in a larger size, and users may visit the [webpage](#) on which the image is used.
