- Join everyday 5 minutes before the scheduled time.

Do's & Don'ts during the Live classes

》

1) Audio Mike on MUTE

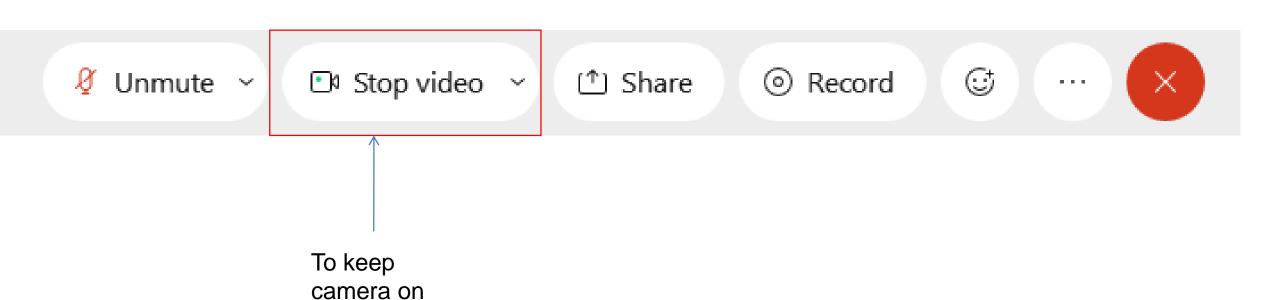

Always keep your mike on mute so that everyone can understand what presenter is representing.

2) Webcam ON

Keep our webcam/video on during the whole session for better interaction.

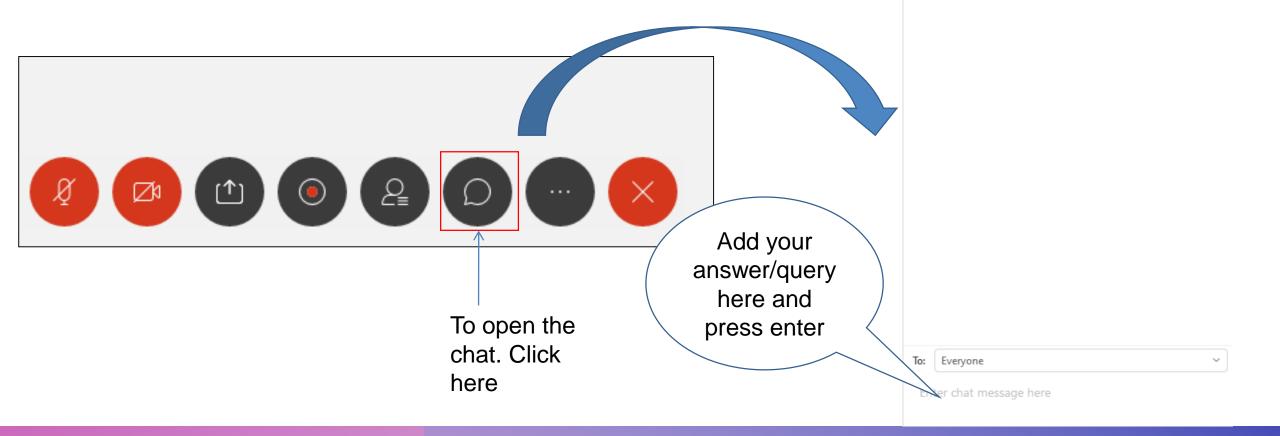

3) Take Notes

During the training session, it is recommended to take notes in the class which will help you focus and better understand main concepts. Good **note-taking** will improve your active listening, comprehension of material, and retention also.

4) Respond to questions asked – in Chat box or Polling

During the training session, presenter will ask various questions or run various polls, so as per the instructions provided by the presenter, answer the questions in chat box or in Polls only.
