

Government scheme and services

Government, at all levels, announces Welfare Schemes for a cross section of the society from time to time. These schemes could be either Central, State specific or a joint collaboration between the Centre and the States. In this section, we have attempted to provide you an easy and single point access to information about several welfare schemes of the Government and their various aspects including eligible beneficiaries, types of benefits, scheme details etc.

Service (business), an aggregation of a service engagement with one or more service acts between two or more service systems creating service outcomes. Service (economics), the non-material equivalent of a good in economics and marketing, within a service–product continuum.
