

**CSC Academy**, being the Education & Skill Hub for Rural India, offers customized career counselling and guidance services to students based on their specific needs. Ranging from technology enabled information access to human-led professional career counselling. CSC Academy centres act as the **“CSC Career Guidance Cell”** and provide requisite career guidance to students from Class 8th to Under Graduate level.

- To ensure focused career planning for rural students aligned with their skills and interest.
- To support and align vocational and skill based learning and education for the school/ college dropout students.
- To support the rural students in identifying the right stream/ course available through CSC Academy
- To map the upcoming job opportunities with student's aspirations.
- To collaborate with educational institutions and better outreach to student community.
- To engage with stakeholders, both in industry and academia, at individual and institutional level to drive upcoming and updated academic and career opportunities for rural India.
