CAD & 3D Printing Course

Under Industry 4.0 revolution and to promote MSMEs in Rural India, CSC Academy has launched an integrated Digital skilling course on Computer-Aided Design and 3D Printing with the industry experts. The programme offers basic skill training on Computer-Aided Design and 3D Printing technology. This will open the new employment/self-employment opportunities for all those who want to enhance their skill set and find a potential business opportunity in the space of designing and 3D printing.
